

MCERTS Inspection Certificate

This is to certify that the effluent flow monitoring arrangements at:

Consent/Permit holder: GD Environmental Ltd
Site: GD Environmental Newport
Emission point ref: The site has a single Emission point

Site reference or postcode: NP19 4PP
Grid reference: ST 32512 85790
Consent/Permit ref: EPR/XP3833UB

have been inspected and found to comply with the Environment Agency's MCERTS standard:
Guidance - Minimum requirements for self-monitoring of flow: MCERTS performance
standard - Published 3 February 2022
clause 3.1. - Performance requirements for effluent flow monitoring (volume)

The results of the inspection of the flow measurement system are given in the following report:
CFS/12712

The Consent/Permit holder's management system has been audited and found to comply with the
above MCERTS requirements.

This certificate is issued subject to the Consent/Permit holder maintaining its management system
to the required standard, which will be subjected to periodic surveillance. The use of this certificate
is subject to the Regulations Applicable to Holders of CSA Group certificates.
